
WHAT YOU CAN DO

1. Develop an awareness and habit of working safely!
2. Go over the safety rules! Know them! Obey them!
3. Be alert to anything that is not what or where it should be!
4. Follow all warning signs on machines!
5. When in doubt about any matter, contact your teacher and request guidance!

6. Familiarize yourself with the Right To Know booklet chained to the wall in the Print Shop.

Read the Safety Rules
